Condition of Boarding

- The student must remain in boarding for the duration of her studies at Kincoppal-Rose Bay School, unless living with a parent in Sydney.

- The student must have an approved guardian who is at least 25 years of age, has proficiency in the English language, is resident in Sydney and has provided the School with a police check of all members of the household.

- The student’s parents must confirm in writing to the Director of Boarding full names and contact details of the approved guardian.

- The approved guardian must also confirm in writing that he/she has agreed to the responsibility of guardianship for the duration of the student’s studies at Kincoppal-Rose Bay School.

- The School has the right to inspect the premises of the approved guardian and will make arrangements with the guardian to do so.

- The approved guardian must meet with the Director of Boarding prior to the student commencing studies at Kincoppal-Rose Bay School. The School will arrange a suitable interview date and time with the approved guardian.

- Should the approved guardian change during the course of the student’s study at Kincoppal-Rose Bay School, then the student’s parents must confirm in writing to the Director of Boarding that that guardian is no longer responsible for the student. The steps outlined above must be followed with regard to a new approved guardian.

- The above information must be provided to the School prior to the student commencing at Kincoppal-Rose Bay School. Should the information not be to hand then the student's commencement date may be delayed until full details of the approved guardian have been received and the guardian has met with the Director of Boarding.

- Under the provisions of the changes to Migration Regulations effective 1 July 2007, Kincoppal-Rose Bay School will guarantee boarding accommodation and welfare arrangements for the student during each study term only. The School does not provide boarding accommodation and welfare in any holiday period while the student is studying at Kincoppal-Rose Bay School. This includes the gap at the end of one study year and the beginning of the next study year. It is expected that the student's family will make appropriate accommodation and welfare arrangements for the student in non-term time.
