FROM THE PRINCIPAL

Dear Parents, Students and Staff,

In February this year the Grattan Institute produced a report called “Turning Around Schools: It Can Be Done”. The report details how schools can consistently improve by ensuring that there is:

- strong leadership that raises expectations
- effective teaching, with teachers continually learning from each other
- development and measurement of student learning
- development of a positive school culture
- engagement of parents and the community.

I believe that all of those elements are well embedded at KRB. We are certainly committed to continuous improvement in all areas of school life and our 2014-2016 Strategic Plan is based on this premise as well as on the feedback we received from our Parent Survey in Term 1 last year. We strive to constantly raise expectations, evaluate our programs and seek feedback on our progress. KRB has a clear mission and is funded on a heritage. It also operates as a school of the 21st century, preparing our students for a world that will be very different. If we continue to develop their confidence and resilience they will be well prepared to embrace change.

We continually challenge our students to be the best they can be in all aspects of school life and to commit to improving themselves and our school community. I was most impressed with the ideas our students put forward at a recent Student Voice session with students in Years 9 & 8.

International Women’s Day

“Inspiring Change” was the theme for this year’s International Women’s Day. KRB was privileged to have parent and lawyer Lucinda Lyons, mother of Hamish (Year 2) and Eliza (Year 3) Murray speak to students at our annual International Women’s Day presentation. Lucinda, a practising lawyer since 1994, co-founded her own insurance law firm in Sydney in 2002. Lucinda’s law firm encourages the development of women in the legal profession and is proud to currently employ an equal number of male and female lawyers. Lucinda enlightened us with her own experiences in the workforce – in her own career she has faced many challenges and had to deal with gender issues. Her address highlighted to students the challenges that they may face in the future but also emphasised how attitudes and opportunities have changed significantly towards working women since the 1960s.

It is very inspiring for our students to hear from women who are part of our KRB community and who are good role models-balancing education, career and family. I thank Lucinda for her support of this important event at KRB.

ANZNET Meeting at Stuartholme School Brisbane

The annual meeting of the Provincial Team with Board Chairs and Principals of the
Sacred Heart schools was held at Stuartholme School on the weekend of March 8-9. At this meeting each school presents their report on the implementation of the focus Sacred Goal of the previous year. For KRB, this was the Development of Community as a Christian Value. It is a great opportunity to hear the initiatives happening in the other Sacred Heart schools and share our wisdom. Sister Joan Pender rscj, Provincial of the Society of the Sacred Heart, expressed her deep gratitude for the work of the schools in carrying out the mission of Sacred Heart education.

Sporting Achievements
On Friday 14 March, KRB students competed at the IGSSA Swimming Carnival at Homebush Aquatic Centre. Our swimmers reached 21 finals out of 40 possible and KRB was placed 6th in Division 1 and achieved 8th place overall out of the 26 IGSSA schools competing. This was an excellent result for our school.

Students in Action
Zoie Jin (Year 8) has also been selected as a finalist at the RIELise Film Festival which will be held this Sunday at Blue Giant Park in Rose Bay. We have had many students enter this competition and two groups have been selected as finalists. I wish them all the very best of luck for Sunday.

Students involved in the upcoming school musical “Once on this Island” have been rehearsing all term under the direction of KRB’s head of Drama Nicole James and Choral Director Mark Stubley. This production should be a vibrant showcase of KRB’s musical talent and I encourage everyone to attend.

Staff News
Formation to Mission Conference 2014 – Educating Minds, Opening Hearts, Transforming Lives
This was held at Stuartholme School from March 7-8. KRB had ten staff members who attended.

- Staff Members who attended included John Mooney, Jonathan Saurine, Shelley Bartley, Louise Della Franca, Angela Harvey, David Thompson, Sister Mary Shanahan rscj and Sister Philomene Tiernan rscj and myself
- Key note addresses included Dr Dale Spender talking on How Women are tracking according the Millennial Development Goals
- Sr Gerardette Phillips rscj who looked at inter-faith dialogue. She has been involved in extensive work with the Muslim community in Indonesia
- Workshop presentations ranged from social justice to global citizenship
- Presentations by each school on how our education is a transformative education
- Opportunities to network with staff from other schools.

Updates
- Last week we farewelled Alison Duff, part time Mathematics teacher, who is returning with her family to teach in her home state of Kentucky in the USA
- KRB’s Head Swimming Coach, Stephen Alderman also finished at KRB on March 14. Stephen has decided to embark on a new career direction. Stephen worked hard to establish our inaugural Swimming Program at KRB.

I thank both Alison and Stephen for their contribution to KRB and wish them well.

- Mr Brian Sutton, a well-respected National and Olympic coach is currently running the KRB Swim Program as we finalise the appointment of a new Swim Coach and Pool Manager.

Finally as we progress through Lent I quote Joan Chittister OSB:
“Lent is a call to renew a commitment grown dull, perhaps, by a life more marked by routine than by reflection. After a lifetime of mundane regularity or unconsidered adherence to the trappings of faith, Lent requires me, as a Christian, to stop for a while, to reflect again on what is going on in me. I am challenged again to decide whether I, myself, do truly believe that Jesus is the Christ – and if I believe, whether I will live accordingly when I can no longer hear the song of angels in my life and the star of Bethlehem has grown dim for me.”

On Sunday we shall be holding the Years 11 and 12 Family mass in the Chapel at 10am. Parents and family members are very welcome.

With Regards,
Mrs Hilary Johnston-Croke
Principal

IN MEMORIAM
Mrs. Margaret Graham (7 March 1933 – 15 March 2014)
Please remember in your prayers, Alice Hamblin (Year 11), Claire Hamblin (Year 9), Georgina Harrison (Year 10), Josephine Harris (Year 10) and all members of the Graham, Harrison, Hamblin and Harris families for the sudden loss of their grandmother, Margaret Graham, who passed away on 15 March 2014. Margaret was a former parent of KRB.

May she be granted eternal rest.
REFLECTION

Formation to Mission Conference – Stuartholme

Representatives of the four schools of the Sacred Heart within the ANZ Network began the conference with a spiritually moving reflection held in the grounds of Stuartholme. At the school, a garden has been created to reflect the spiritual contribution of our indigenous brothers and sisters, the deep spirituality of the Religious of the Sacred Heart and the heroism of Australian fighting for peace, particularly at Gallipoli. Invited to walk through the smoke of the opening ceremony conducted by indigenous elders, the participants reflectively made their way around the shrines. The prayer ceremony ended with all participants encircling a statue of Madeleine Sophie Barat offering prayers for various contemporary issues.

The academic side of the conference looked at the work of Janet Erskine Stuart, the need for women to make further demands for equality and recognition, the necessity to educate students and staff well in the areas of social justice and inter-faith dialogue. Various workshops were provided covering a range of focuses from overseas social justice endeavours by Sacred Heart Schools to that of understanding the developmental levels of immersion into social justice of the marginalized. Each school was also asked to present what aspects of their education provided transformation of the individual student.

Each day was begun in prayer, and on the Friday evening the conference held its Eucharist at Duschesne college on the campus of Brisbane University. This was followed by the conference dinner. On the return to Kincoppal–Rose Bay, the participants presented to a P–12 staff meeting what they had gained from attending the annual ANZ Network Conference.

KINDeRgARTeN VISIT TO THE sCIeNCe LABs

This term, Kindergarten have been learning about what makes them unique and the characteristics they share with others. They went to the Science Labs to discover what is inside their bodies and explored skeletons, real bones and models of human bodies. The children also looked at blood and hair samples through a microscope and sketched their observations.

“I liked seeing all the organs in our body.” Saskia KB

“We have joints to help us move, not wires and screws like the skeleton.” Charlotte KW

“I liked going to the Science Labs and looking at the real skeleton.” Allegra KR

YEAR 2 sCHOOLHOUSE MUSEuM eXCURSION

On 10 March, the Year 2 students travelled back in time to the Victorian Era, to experience life 100 years ago, by visiting the Schoolhouse Museum.

It was an action-packed day, filled with learning and games. The children dressed in clothing of the time and participated in lessons in the 1877 room, which included writing on slates and using ink pens, as well as learning about the dreaded cane, as demonstrated on a cushion!

This was followed by a visit to the 1910’s room where the children enjoyed the ‘hands on’ activities such as using rubber stamp pads to create maps and playing with jacks, marbles and wooden puzzles. The cuisenaire rods were also popular. The ‘young historians’ also wore gloves to explore the contents of the old ‘globite’ suitcases with readers from the early 1900’s.

The visit concluded with outdoor activities which included exercises holding sticks and maypole dancing.

Everyone had a fantastic time but agreed that they preferred education as it is today!
YEAR 6 MATHS CAMP

In Week 6 four of our Year 6 students Louis Bartos, Lilli Black, Natasha Ong and Max Parker were invited to attend the AIS Maths Challenge camp. The camp is organised by the Association of Independent Schools of New South Wales and was held at the Elanora Heights Conference Centre over 3 days.

The camp is designed to teach children how to see patterns in their lives and to think like mathematicians. Each activity involved defining the problem, collecting and organising data, seeking a pattern, hypothesising, testing and finally reflecting. With every new challenge each of these aspects became increasingly important. Students explored various concepts such as the Fibonacci Pattern, tessellations, cubes and regular solids, Pascal’s Triangle and spirals lateral shapes. The children also had time for some sporting activities and group activities in the evenings.

“I really enjoyed constructing a huge dome made out of 1m long sticks. I found the Pascal’s triangle challenging.” Louis

“I enjoyed maths camp as we got to do a lot of fun as well as challenging things, I found constructing the semi-sphere the most challenging and I found doing the tessellating patterns the most fun.” Max

“Maths camp was a great experience, I learnt about new mathematical equations, patterns and solutions, I especially loved the Pascal’s Triangle and Escher’s artwork. While it was a maths camp I made a lot of friends. It was a very challenging 3 days but it was extremely fun and if I had the chance I would do it again.” Lilli

“The most challenging part about Maths camp was teamwork. When you were in a group everyone had different ideas and only wanted to do theirs, and we had to work together to come up with a compromise everyone agreed on.” Natasha

YEAR 6 CAMP AT COOLENDEL

On Wednesday 12 March, Year 6 travelled to Coolendel for their Outdoor Education camp. As we travelled to Coolendel, we drove through a big storm but luckily the sun was shining on our arrival. After some lunch and being allocated our tents, we went straight into our activities. Over the next three days, we undertook a variety of fun-filled activities that promoted trust and effective communication and provided us with many opportunities to challenge ourselves. By far the most rewarding experience for many was abseiling down a 20 metre cliff.

Other activities included archery, rock climbing, and canoeing. One of the most rewarding things, I found constructing the semi-sphere the most challenging. By far the most rewarding things, I found constructing the semi-sphere the most challenging.

On the second evening, we had a talent show where Year 6 students displayed hidden talents through skits, songs and a magic show. At the end of each day we slept in our tents under the stars.

The third and final day brought about a mixture of feelings. Although more fun was had by all, we realised that this was our final camp with the Optimum Experience.

YEAR 8 HISTORY: ANCIENT CHINA

By Ruby Green

This term in History we have been learning about Ancient China. In Ms Galea’s class we got to construct our own Great Wall! Students used a variety of different materials to make their model, like clay or cardboard. Then the best one was voted by the class. In addition to this we worked individually on presenting an oral to the class. We chose one aspect of Ancient Chinese life or society such as Inventions, Women and the Great Wall; conducted research and delivered a speech. Overall we all found Ancient China incredibly fun, interesting and challenging.

TERM 1 YEAR 9-12 ELECTIVE MUSIC EXCURSIONS

The KRB Elective Music students take full advantage of attending a city school in the heart of Sydney. Our Elective Music students all subscribe to the four Sydney Symphony Orchestra “Meet the Music” concerts each year and two performances by Opera Australia.

Early in Term One, our students attended an inspiring performance of music by the film composer, John Williams. It was conducted by the SSO’s new chief conductor, David Robertson, and the girls were able to aurally and visually experience a large number of orchestral instruments that we don’t have access to in the classroom.

More recently, our students attended a performance by Opera Australia of Carmen. For many, this was their first experience of opera and the students really enjoyed it.

We are fortunate to be able to offer these wonderful performances to our musicians. They are heavily subsidised by the organisations involved and the students appreciate this enrichment to their music studies.

YEAR 7 RETREAT THURSDAY 13 MARCH 2014

All Year 7 gathered in the chapel in Period 3 to begin their annual retreat with prayer. Fitting in with their RE programme on Heritage, the Form was divided into two and both groups were taken throughout the many heritage sites on our beautiful campus. They visited the Grotto, the large statue of the Sacred Heart overlooking the Harbour, the cemetery and the Noviceship lawn. At each site they paused to hear about its significance and spent time in reflection.

Jess Garnett, Year 7 student, had this to say about the Retreat, “It was very good. I liked going around the school and learning about my school. I liked hearing the stories behind the places and, in particular, the pictures in the Performing Arts Centre. The address by both Sister Mary Shanahan rscj and Sister Margaret McKay rscj was eye-opening. I thought how hard it must have been for Sister Margaret McKay to have two brothers go off to fight in World War II and have one never return. I also enjoyed the time in the chapel understanding the five Goals for Sacred Heart Education in the stain glass windows.”
YEARS 10 GEOGRAPHY EXCURSION
By Michela Castiglio

On Thursday 7 March, Year 10 attended a Geography excursion at Wanda and Elouera beaches in North Cronulla. During this excursion Year 10 learnt about the impact of developments on the coastal environment as well as the Aeolian and hydro spherical processes in the peninsula. Activities included examining the sand dunes and collecting data, such as wind speed, which taught us very important practical skills including using an anemometer. Year 10 enjoyed learning about the coastal management processes in place including the iconic ‘sea bee wall’. We were briefed on the effects of erosion the area and the human activities such as sand mining and the construction of a new housing estate. Year 10 immensely enjoyed our day at the beach and valued the insight that it gave us into the coastal management topic.

SENIOR DRAMA EXCURSION- BELVOIR THEATRE

On Tuesday 11 March, Years 11 and 12 Drama students kick-started their 2014 subscription to Belvoir Theatre with the performance of “Once in royal David’s city”. “Once in royal David’s City” is a new Australian play by renowned playwright, Michael Gow. The script was commissioned by Belvoir and our Senior Drama students were lucky enough to see the premiere production of this work. Tumbling from the fifties to the present, from East Berlin to Byron Bay, from brief encounters to the cycles of history, it is a play about mothers and sons, lost innocence, omnipresent death. It is about rage and it is about the brilliant possibilities of theatre.

The girls appreciated the fine performances from the small ensemble cast, including Brendan Cowell and Helen Morse. They also made intuitive connections between the style of the play, to their own study of Brechtian Theatre in Year 10 Drama.

IGSSA SWIMMING RESULTS

Last Friday 14 March the KRB Swimming Team competed at the IGSSA Swimming Carnival at Homebush. KRB had an excellent representation with the following girls all making finals:

ABOVE: YEAR 6 SWIMMING AGE CHAMPIONS. BELOW: NSW ALL SCHOOLS TRIATHLON CHAMPIONSHIPS
FROM THE DEVELOPMENT OFFICE

We have a number of events coming up before the end of the term:
- The Year 5 and 7 Grandparents’ Morning on 2 April.
- “Cappuccino & Cake” with the Principal for Year 7 Parents – 4 April.
- Nine & Dine Golf Day at Woollahra Golf Club – 4 April. All golfing levels are welcome to play! Enjoy a round of golf and dinner just prior to the end of daylight saving. An invitation is included in this edition of KRB News.

As well we are beginning to organise the annual KRB Rugby Lunch, to be held at Doltone House, Elizabeth St Sydney on Friday 8 August. We are delighted that well known sporting personality Stephanie Brantz, has agreed to MC the function. Speakers so far include Wallaby great Matt Burke and Rugby League legend Luke Ricketson.

If you are interested in sponsoring the Rugby Lunch, we have three sponsorship packages available:
- Platinum – $10,000
- Gold – $5000
- Silver – $2500.

All packages offer opportunities for company promotion. Please contact me if you are interested.

All funds from the Lunch are directed to the KRB Bursary Fund. Bursaries are:
- Given to students whose families are in financial need
- Are means tested
- Do not depend on an ability of the student in any particular area.

KRB currently has over 50 senior students receiving partial bursaries. The students themselves not only benefit from their KRB education but as well contribute to the richness and diversity of this School. The Rugby Lunch is a significant means of supporting this program.

SAVE THE DATE:
P&F TRIVIA NIGHT
SATURDAY 24 MAY

This is the P&F’s major fund raising event for the year so we look forward to a record turnout.

This year’s theme is art: be it paintings, sculpture, photography, music, or theatre. We are hoping to promote the myriad of talents and generosity located within the KRB community. We will be looking for the donation of prizes both for the live and silent auction pertaining to the ‘arts’. If you are able to help in anyway please contact the P&F Committee pandf@krb.nsw.edu.au and in the meantime spread the word! Thanks P&F Committee

Join the Kincoppal team and travel to India. Leadership Expedition, Community Service Projects, Cultural Immersion, Fun Adventurous Team Travel, Duke of Edinburgh and much more!

Following four successful expeditions to Vietnam 2007, 2009, 2011 and India 2013, Kincoppal, in association with Antipodeans Abroad, is looking for students to travel to the India in December 2014.

Students will complete a service learning project with Tibetan communities and be totally immersed in the culture. They will trek along Singalila ridge with views of Everest, Kanchenjunga, Makalu & Lhotse = 4 of the 5 highest mountains in the world! The team will also visit the incredible sights of the Taj Mahal, Delhi, Agra, Sikkim, Darjeeling and Kolkata.
