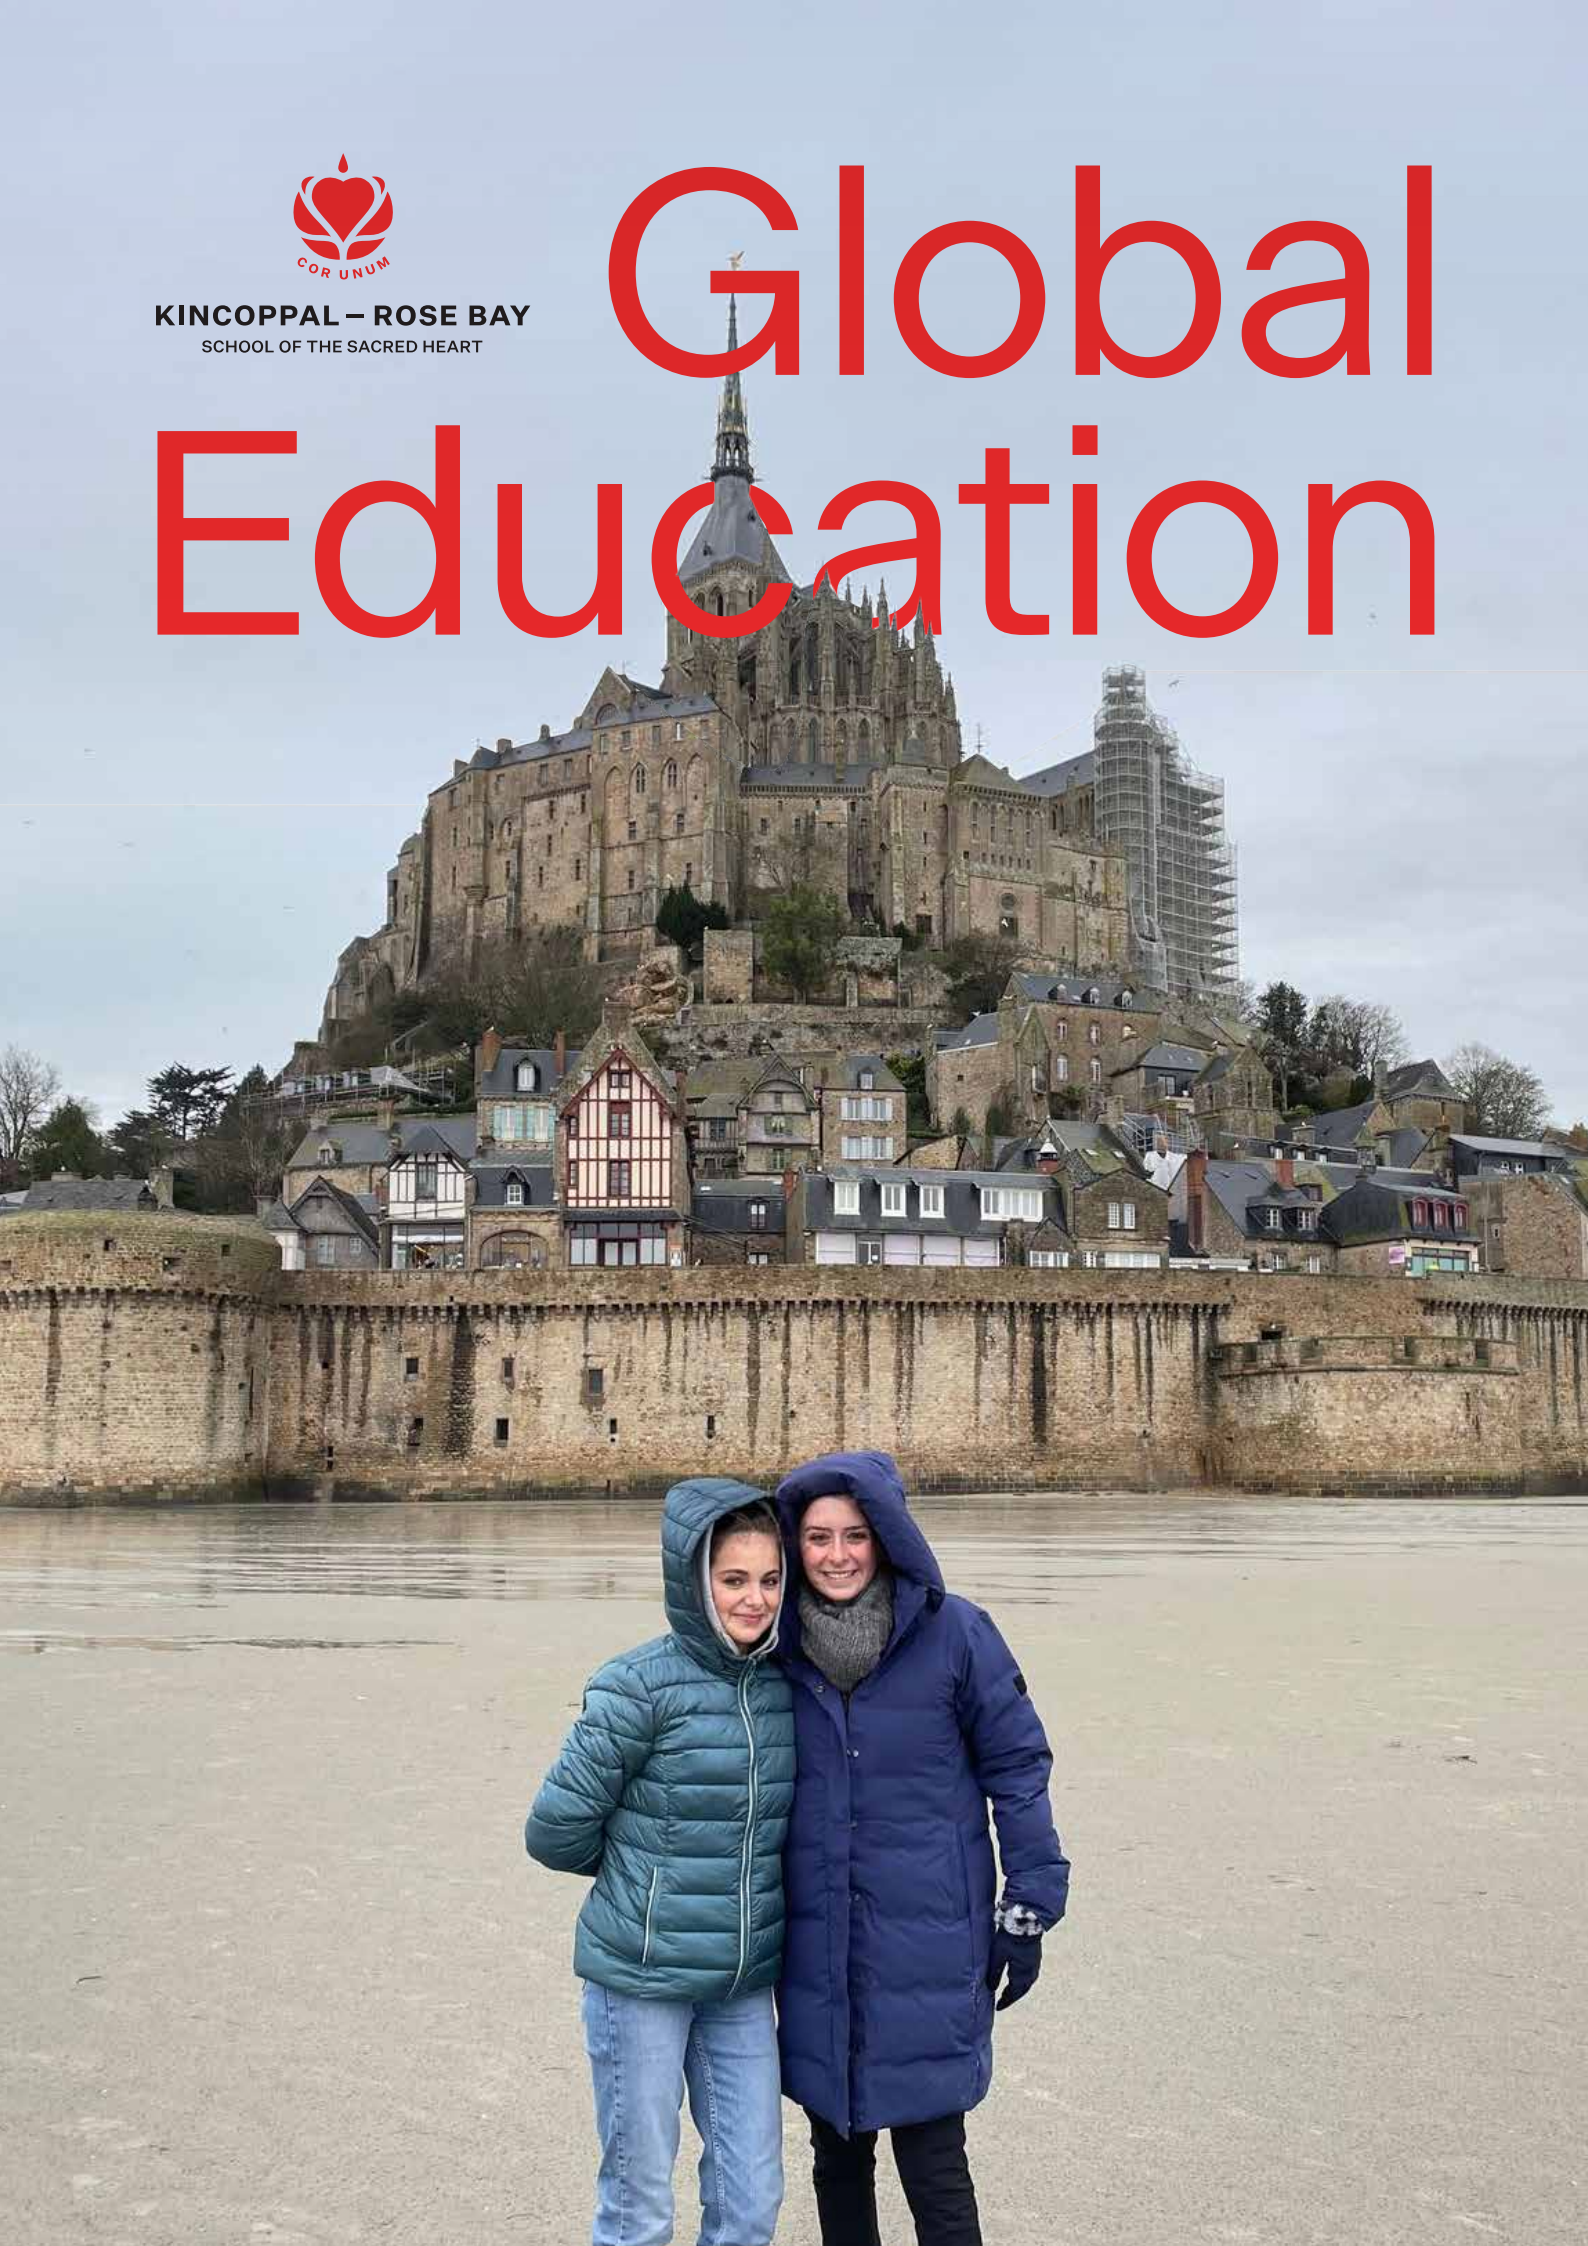
KINCOPPAL – ROSE BAY
SCHOOL OF THE SACRED HEART

Global Education



Growing Global Citizens

As a member of the Society of the Sacred Heart, Kincoppal-Rose Bay is part of an international network that includes 150 schools in over 40 countries.

This provides KRB students a unique opportunity to participate in a range of activities and connect with students in other parts of the world.

The development of global competencies is essential if students are to thrive as informed and capable individuals when they leave school school. We encourage our students to participate in the many opportunities we offer, to cultivate their global knowledge, understanding and skills.

Our commitment to global education shapes our students into empathetic, resilient and culturally intelligent global citizens, who are empowered to make a positive contribution to this ever-changing world.

Our key offerings include:

- **Exchanges**
  Virtual, Domestic and International. Connect to our Sacred Heart network by participating in an exchange.

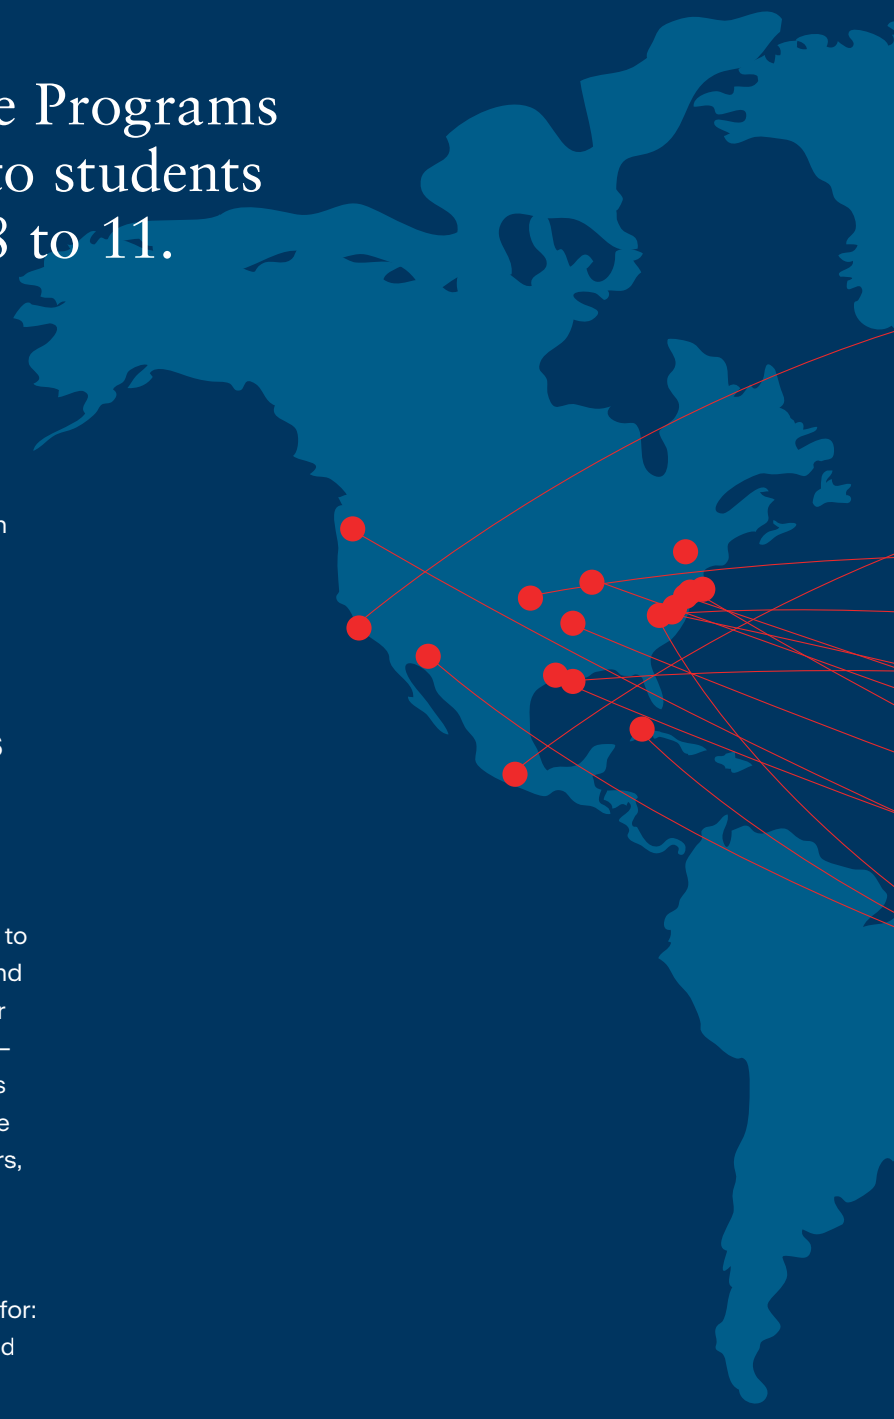
- **First Nations Immersion Programs**
  Arnhem Land (Year 10) and Bowraville (Year 11) aim to deepen understanding of our First Nations cultures, histories and perspectives.

- **Study Tours and Global Learning**
  This includes the Oxford Royale Program, which allows students to pursue their academic interests at the world-renowned Oxford University, alongside peers from around the globe.

- **Service Learning**
  Our students develop as agents of change through hands-on domestic and international service learning projects.

Exchanges

Our Exchange Programs are available to students across Years 8 to 11.



Domestic exchanges

Domestic exchanges provide students with the opportunity to spend one week at a Sacred Heart school in Australia, in either Melbourne or Brisbane.

International exchanges

New Zealand - Auckland exchanges are available to students in Years 8 and 9.

Other international exchanges are available to students in Years 10 and 11, where they spend up to three weeks during the academic year – usually during the school holiday periods – staying at another Sacred Heart School. It is then expected that students reciprocate the exchange, and host their international sisters, allowing them to participate in the life and community at KRB.

Students and their families are responsible for:

- Paying for transportation (airfares) to and from the exchange school location.
- Spending money for incidentals.

GLOBAL EDUCATION

Students can attend a Sacred Heart school in the following locations:

Austria – Vienna
Canada – Halifax, Montreal
France – Lille, Nantes
Ireland – Dublin
Italy – Rome
Japan – Osaka, Tokyo
Mexico – Mexico City, Monterrey
Spain – Barcelona, Madrid
Taiwan –Taipei
Atherton
Boston
Bryn Mawr
Grand Coteau
Greenwich
Lake Forest
Miami
New Orleans
New York City
Omaha
Princeton
San Francisco
Seattle
St Louis
Washington DC

The Virtual Collaboration Program is available to Year 9 students and involves students from KRB, Stuartholme (Brisbane), Sacre Coeur (Melbourne), Baradene (NZ) and three international schools (two in Japan and one in Taiwan).

Virtual Collaboration Program

GLOBAL EDUCATION

Virtual exchanges have the same standard of respect, dignity, honesty, courtesy, sensitivity, and consideration as face-to-face communication.

The Virtual Collaboration Program enables students from the Australia, New Zealand and Asia Network to meet virtually over a six-month period to build relationships and discuss current issues or topics based on the Sacred Heart Goals. The Program is a student-led virtual exchange where the girls learn and build an awareness of global issues and create solutions at a local and international level.

The program aims to:

- Strengthen partnerships between our international and domestic Sacred Heart schools so that students and staff learn from and with different cultures,
- Develop students' dialogue and leadership skills, and their understanding of self and others; and
- Build students' awareness of global issues and their ability to work collaboratively to create solutions in a local and global setting.

How it works

Students and staff log into the virtual space (Google Meet) at the start of the session, break away into smaller groups and then return to the larger group towards the end of the virtual session. Each group has an allocated staff member or teacher to help assist in managing and running the virtual session. The schools rotate to host the eight sessions, held every two to three weeks.

The Program occurs on a Thursday afternoon. Given the different time zones, each school participates at different times. The time for Kincoppal-Rose Bay (Sydney) is 5.00pm to 6.30pm.

Study and Service Learning Tours (Years 9-11)

These tours change each year. Students will be asked to attend an information evening and write an expression of interest.
