FROM THE PRINCIPAL

Dear Parents, Students and Staff,

The past fortnight has been very busy as our Year 12 students complete their final weeks of school. They will graduate on Friday September 11 which is Vale day at KRB. Our Year 11 students have now completed their preliminary course exams. Our sports teams have now reached semi-finals with 18 Netball teams and 1 Hockey team playing in IGSSA tomorrow. There have also been some significant community events.

Our Community

Fathers’ Day

Our Junior School students had the opportunity to celebrate Fathers’ Day today with their fathers. Fathers, grandfathers, relatives and students attended the breakfast on the Harbour Terrace followed by Mass in the Maureen Tudehope Centre, celebrated by Monsignor Tony Doherty. Every father received a special memento of the day from the students. The affirmations read by students from Kindergarten to Year 6 were beautiful. Please see a lovely example of these by Bianci Meli, Year 6, at the end of this section.

Tomorrow evening we are hosting our annual KRB Father Daughter Dinner with our Senior School students from Years 7–12 and their Fathers at the Sofitel Hotel, Sydney. As we affirm and celebrate our fathers this weekend it is important to acknowledge the vital role of fathers in the lives of their children. They provide encouragement, wisdom, affirmation and great role modelling and as our students say – lots of fun!

Moree Community Gathering

Last Friday Anne-Maree Bennett, Director of Boarding, Mary Cook, Director of Development, Sue Lancaster, Head of Admissions and myself attended a KRB gathering in Moree. Current, past and prospective parents came together with past students from the area, to hear about life at KRB in 2015. A lunch was held at Yaama Ganu Art Gallery and it was a great opportunity for many families from the surrounding areas to gather and meet new and old friends.

2015 IPSHA Performing Arts Festival

Our Years 5 and 6 Choir performed Chariot Ride and Gloves on 1 September at the Sydney Town Hall. They sang beautifully and we were very proud of them. Mr Mark Stubley conducted them and then also conducted the Combined Choir of all the students who participated.

ANZ Network of Sacred Heart Schools

The school is also part of the wider community of Sacred Heart schools.

• The Board Chairs, Principals and Directors of Mission of the four Sacred Heart schools of Australia and New Zealand – Stuartholme (Brisbane), Sacre Coeur (Melbourne), Baradene (Auckland) and KRB met at Canisius House Pymble over the weekend of August 21–22 to evaluate and develop new criteria that underpin the goals of Sacred Heart education.

• The Principals of the four schools met on Aug 20 to plan the Calendar of Activities for 2016.

TWEET OF THE WEEK
@KRBSports. Year 1&2 boys enjoying the contact rugby program.
FROM THE PRINCIPAL

The KRB Tennis team will be playing in the ANZNET tennis tournament at Baradene College during the last week of this term.

Student Achievements

Today, the ceremony for the Archbishop’s Award for Student Excellence was held at St Mary’s Cathedral. Each of the 48 schools of the Archdiocese is able to nominate one Year 12 student to receive this award. Our 2014–15 Head Girl Emily Shaw received this prestigious award. The students were presented with a certificate and medal from Archbishop Anthony Fisher in recognition of their participation in the leadership, social justice, and liturgical life of their school. Emily Shaw has been an outstanding leader in our school community and is very deserving of this honour.

Her citation reads:

“Emily has given an outstanding service as Head Girl. She has led the School with pride, humility and enthusiasm, sharing her depth of reflection and insight with her peers and the broader community. Emily is a philosophical young woman who excels at prompting others to reflect. She shared a considered and thought-provoking reflection at the Year Twelve retreat, contextualizing a Gospel passage for her peers. She also delivered a sophisticated address on Women Leaders in the Church at the KRB Spirituality Evening. She has led by example through her compassionate, inclusive and intellectual nature.”

Other Student Achievements:

- Alyssa Meli and Madeleine Adamo, (Year 9 students) have won prizes in the Woollahra Youth Photographic and Short film competition. Angela Zhao, Year 10, also received a special mention for her film. These students and their families attended the awards ceremony on September 3.
- Congratulations to all students who competed at the NSW Interschool’s Snow Sports Championships in Perisher last week. There were some fantastic results and I wish Penelope Hughes, Phoebe Hughes and Allegra Gardiner who have progressed to Nationals next week the best of luck.
- I visited our Year 3 students working on their SolarPrint cars this week. We certainly have some developing engineers and designers! This is an inspiring initiative led by Stage 2 Co-ordinator David Thompson and teacher Louise Ashbridge and I wish them luck for the SolarPrint Car Challenge to be held at the University of New South Wales on Saturday 5 September.
- Allegra Lamaro and Lilli Black, Year 7 have been selected as Junior Members of Parliament representing their local electorates. We wish them great success in her endeavors.

Year 12

We were entertained by a beautiful Chapel Concert on Friday 21 August where each Year 12 student performed part of her repertoire for the HSC. Performances included instrumental solos, own compositions, vocal solos and duets. We also enjoyed performances by the choirs, orchestra and chamber groups.

Each of the HSC Music students demonstrated their talents and the time and commitment put into preparing for each performance. The girls expressed great satisfaction after completing these HSC Performance exams and all students felt they had done their best. All our Year 12 students have now completed and submitted their major projects including; Visual Arts, Design and Technology, Extension 2 English and Extension History.

I have had the opportunity to sit down with small groups of Year 12 students in a series of lunches held over the past fortnight. We have had good discussions about their hopes for the future, how they see themselves as a year group and what they feel is their legacy at KRB.

The Class of 2015 would like to be remembered for:

- Their appreciation of their teachers and the support they continue to receive.
- Developing the spirit of the student body.
- Valuing the strong and loving community they have been part of at KRB.

Next week is the final week for our Year 12 Class of 2015. We have a number of celebrations taking place. The first was held today with a liturgy in the Chapel followed by lunch for Year 12 mothers and daughters. I was very pleased to acknowledge a number of mothers who have been associated with KRB for ten years or more.

The Boarding Community Farewell Dinner for Year 12 Boarders and their parents will be on Thursday evening before Vale.

We will finally farewell our Year 12 students of the Class of 2015 and celebrate their achievements and outstanding contributions they have made as a cohort at KRB on Vale Day–Friday 11 September. This day starts with the Graduation Mass in the Chapel, followed by Morning Tea on the Noviceship lawn and the Graduation Award Ceremony in the Edwina Taylor Clark Auditorium. Students and Staff from Years 5-11 attend this ceremony.

It is important that our younger students are inspired by the achievements of the Graduating Class. The final part of the day is Drinks and Lunch on the Harbour Terrace for the students, their parents and Staff.

I know you will join me in supporting and praying for our Year 12 students as they leave the school and prepare for their Higher School Certificate exams which commence on October 12.

With Regards,
Hilary Johnston-Croke
Principal
MY FATHER

Dear dad,

To quote Carol S. Dweck, the author of one of our favourite books, Mindset, “if parents want to give their children a gift, the best thing they can do is teach their children to love challenges, be intrigued by mistakes, enjoy effort, and keep on learning. That way, their children don’t have to be slaves of praise. They will have a lifelong way to build and repair their own confidence.” Dad, this is exactly what you have done for me. You set me challenges and give me honest critique so that I can learn from my mistakes. You foster my learning and ask me questions. But, you don’t just set me challenges, you give me the tools to reach them. And not only are you my teacher, but you are also my dad. You love, support, and nurture me when I need it most, and never stop loving me. You always find things to keep us entertained, and gave me an appreciation for plants and nature via our annual tomato growing…and by our tomato growing I mean your tomato growing and my tomato eating! Also, not only are you more fantastic than Fantastic Four, more incredible than The Incredibles, and more wonderful than Wonderland, but you make the best brownies in the world!

Lots of Love,

Bianca Meli

ICAS (INTERNATIONAL COMPETITIONS AND ASSESSMENT FOR SCHOOLS) SCIENCE UNSW

At the end of last term our students completed the ICAS Science Competition. This competition assesses students’ skills in many key scientific areas like interpreting data, making observations, making inferences, predicting and concluding. Students were also tested on higher order skills like investigating, reasoning and problem solving.

Our students performed very well. We received 15 Merits, 59 Credits, 9 Distinctions and 2 High Distinctions.

Congratulations to all students!

YEAR 3 SOLAR CAR CHALLENGE

The students in Stage 2 are continuing to tap into the fascinating world of STEM (Science, Technology, Engineering and Mathematics). As a part of this initiative the Year 3 students have been designing and building solar cars using basic components for the chassis, axles and wheels.

As a part of the construction process the students have used corflute for the chassis, metal rods for the axels, plastic wheels, plastic cogs to engage with the KM- F18 motor, as well as two KM 2 volt 700mA panels. The car is predominantly powered by solar power but has the capacity to “switch” to battery power should the car be used when there is a lack or absence of solar energy.

These have been purchased through Kite Magic who run the UNSW SolarSprint Car Challenge which is to be held on Saturday 5 September. They are learning a range of technological skills as they prepare their vehicles to go as straight and fast as possible. The students need to plan and road test their cars with an emphasis on the placement of the solar panels along with the choice of either the small or large wheels and cogs through with a trial and error approach with a great deal of group collaboration and teamwork. In order to test out their theories and skills they are trialing the cars in the open environment of the Barat Burn or MTC play areas.

YEAR 4 SPACE INCURSION

On Thursday 20 August, Year 4 students attended a Science workshop with Ben from Fizzics Education. The children participated in 16 fascinating experiments and learnt many amazing things about the Sun, Moon and Earth. Did you know that from Earth, we only ever see one side of the Moon and the other side of the Moon is called the dark side? Ben also had some very interesting apps on his iPad that showed the exact position of the Earth and Moon at a particular time, when solar and lunar eclipses will happen as well as current images of Jupiter and other planets. Everyone loved completing the experiments and Ben commented that the students asked some very thought-provoking questions.

GIGALEES CIRCUS SHOW

The circus came to the Early Learning Centre this week and what a fun filled morning was had by all. Gigalees Circus Show with Wilma and Daisy entertained everyone making us smile, laugh and dance. They did some acrobatic tricks, told some silly jokes, performed some juggling and encouraged everyone to join in with the singing and dancing. The children in Sophie’s Cottage have been exploring the Circus and in particular clowns. Their explorations have allowed them to create themselves as clowns and share lots of stories and thoughts about clowns. It was wonderful for the children to laugh along at the silliness that happened in the Gigalees Circus Show.
SENIOR SCHOOL CHAPEL CONCERT.

At the recent Senior School Chapel Concert, the students were a tangible expression of the goals and spirit of Sacred Heart Education. They displayed a great diversity and individuality in their performances and all strived to achieve excellence in Music performance. The audience were extremely appreciative of all the performances.

The Chapel Concert celebrates the talent and dedication of all our students and is also a formal acknowledgement of the commitment our graduating class have made to music at KRB during their years at the school. Members of the School Choirs, String Ensemble & the Orchestra performed along with the current Year 12 HSC students who performed repertoire from their Music 1 HSC programs. These students – Mia Aron, Portia Austin, Tamika Dartnell-Moore, Lili Jackson, Gabriella Kaushansky, Emily Thompson & Florence Young displayed the rich diversity of musical styles studied as part of the music curriculum.

It was a wonderful celebration of the continuing rich musical tradition of music making at Kincoppal–Rose Bay School.

BOOK WEEK CELEBRATIONS 2015

Students celebrated ‘Books Light up our World’ with craft activities, participated in the Book Week Quiz and the Library was lit up by a lighthouse ‘shining brightly on books’. We also enjoyed a presentation from our special guest author, Valanga Khoza.

Book Week has been so fun, we’ve joined as a school and celebrated some great times together such as: taking wonderful selfies with our favourite books, enjoying Arts & Crafts in the library, reading a lot more and just enjoying the fact that books are amazing. (Thandra Knight Year 7)

The theme is ‘Books light up our world’. We had many fun and different things happening throughout the week including book quizzes, craft and a talk from an author Valanga Khoza. Valanga talked to years 7 and 8 students. His performance skills were amazing and very powerful. He told us about his life and he played many different types of instruments to tell us about his culture. He was very funny and was powerful when trying to get his message to us about standing up for yourself. Valanga spoke about what it was like being a refugee and also about his experiences with racism. He also got us involved when we sang with him a song about his life story. This was an awesome experience. (Helena Hudson Year 7)

Today we were visited by Valanga Khoza, a children’s author, he presented his “Out of Africa” performance. He played many musical instruments, played numerous traditional songs, sang, told us about his life journey as well as many other events in his life such as facing the issue of racism and discrimination. I really enjoyed his performance and thought it was powerful and moving. (Phoebe Thackray Year 7)

Valanga gave everyone quite a laugh while still getting the important message across. I’m sure that we were all moved and that we took away important lessons that we will benefit from later in life. (Isabella O’Gorman)

Valanga told tales of his life journey as an African villager. He sang traditional songs from his home land and gave an important message at the same time: to stand up for yourself. He also told tales from back in his time when he got bullied and when many people treated him badly. (Rafaella Fakes Year 7)

Congratulations go to Claire Shephard (Year 12) who won the quiz, although it was very close! The Library’s most active borrower, Lucy Page in Year 8, was acknowledged and our most committed Library Helper, Clara Sidoti, also received an award.
WOOLLAHRA YOUTH PHOTOGRAPHIC AND FILM COMPETITION 2015

Congratulations to Alyssa Meli, Madeline Adamo of Year 9 and Angel Zhao of Year 10 who are prize winners in the Woollahra Youth Photographic and Film competition 2015. Alyssa Meli has won the Mayors Choice Award for her photograph, “Tough guys carry combs”, Madeline Adamo was highly commended for her photographic image ‘Untitled’ and Angel Zhao’s short film ‘Light’ was also highly commended. Congratulations to all our Kincoppal entrants this year! You are also able to vote for the People’s Choice Award on the website - http://www.woollahra.nsw.gov.au/community/arts_and_culture/youth_photo_award

NETBALL WORLD CUP

As 18 nations arrived in Sydney to compete in the Netball World Cup championships, I was lucky enough to be asked to climb the Sydney Harbour Bridge in order to promote the event. We climbed the bridge with the past coaches of the New Zealand Silver Ferns, Irene van Dyk and Australian Diamonds, Liz Ellis. Mark Beretta, an Australian journalist has a daughter in our Club and was asked if he knew anyone that would be good for advertisement and publicity. He recommended Mosman Netball Club and asked the coordinator to pick girls who have made a good contribution to the club. Climbing up the bridge was a phenomenal experience and one I will never forget.

Sophie Meli, Year 7

STUDENT REFLECTIONS ON THE GIFTED AND TALENTED YEAR 7 CONFERENCE

If you could engineer your child at conception for greater intelligence and athletic ability, would you? Should you? What makes you, you? Is there life after death or death after life?

I really enjoyed attending the Gifted and Talented Conference. Listening to what Julie had to say about genetic engineering and the afterlife was really thought-provoking, and I feel like I used parts of my brain that I had not explored before, especially in the group work. I truly think that what I have brought away from this day will assist me in my learning experiences to come.

– Olivia Causer

The conference that we attended was a very new and interesting experience for me. The topics that we discussed were full of information, you had to be focused the whole time to understand. I personally really enjoyed the life after death topic because I have never thought about it in that way before. Overall, I have learnt so much more from the conference and it has made me think harder about life, and what it means to be me.

– Emilie Oayda

Going to the Gifted and Talented conference was a very different and interesting experience. My favourite parts were the university style lectures as they challenged my thoughts and they were very interesting. Learning about life after death and a three way parent baby was very peculiar. Overall, this experience was amazing and a challenging one. I really enjoyed this and am very thankful for the opportunity.

– Paris Mir

We started the day off with a lecture about Life after Death and learnt about two different beliefs: monism and dualism. We discussed many questions in which you had to think outside the box. After that we discussed genetic engineering and about cloning one’s DNA and removing imperfections to create a perfect child. This could also be used to remove the risk of passing on a disorder to your child by removing that component from your DNA. Altogether, I cherish this opportunity and have taken so much away from it.

– Natasha Ong
STUDENTS IN ACTION

CEO DEBATING

During Term 3, Junior School students from Years 4, 5 and 6 took part in the Eastern Region Catholic Primary Schools Debating Competition which lasted over four Tuesday nights. This exciting competition involved the students working in teams several lunchtimes each week and we were most fortunate to be enthusiastically supported by the Year 6 winning team from the ISDA competition. They took on the role of mentors and coaches to lead our teams to success.

This year we entered six teams for the first time which gave each student who participated the opportunity of two debates. As the weeks progressed and the students became more confident and fluent in their delivery we successfully won many of our debates.

It was a wonderful journey for these children and an excellent learning process of team building and partnership in organisation and collaboration and as well as focus and dedication.

ELC FOOTY COLOURS DAY

There were war cries and cheers as everyone donned their team colours for a day of footy and fun as the Early Learning Children participated in Footy Colours Day. Everyone was very vocal about which team they supported and joined in the spirit of the day. The children enjoyed a picnic morning tea on the MTC fields followed by a game of footy, some kicking lessons and some team photos. Thank you for all the gold coin donations to help fight cancer. Go team!

“Alone we can do so little, together we can do so much.” (Helen Keller)

IPSHA PERFORMING ARTS FESTIVAL

On Tuesday evening the Sydney Town Hall came alive with the “Sound of Music” as eight schools from around Sydney joined in the 3rd IPSHA Music festival evening. Year 5 and Year 6 students were outstanding in their rendition of ‘Chariot Ride’ and ‘Gloves’ – where out of no-where appeared a variety of coloured gloves that seemed to just dance to the beat all by themselves!

The eight schools came together as a Massed Choir for the finale trio of songs, ‘Listen to the Children’, ‘In Flanders Field’ and the final item, ‘The Crow’s Nest’ which Mr Mark Stubley conducted in true KRB style.

The night is now a memory that our Year 5 and Year 6 students carry with them for life – a fabulous night of music. Congratulations to Year 5 and Year 6 and Mr Stubley.

SOPHIE’S COTTAGE

This week we can see some amazing progress as the demolition side of the project is completed and we begin the design-and-make stage. There is much excitement amongst the staff and students in the ELC as we watch the progress, identify each new piece of machinery and see something new happening each day! A building site for some – a learning site for others. Real time construction to discuss, imagine and explore!
STUDENTS IN ACTION

YEAR 2 OUTDOOR EDUCATION

On Tuesday 9 September the energetic team from Optimum Experience came to KRB for a fun-filled day of Outdoor Education with Year Two. First the day started off with introductions, the students met Cheese and Crackers, Corn Relish, Anchovy and Pork Pie! Next everyone participated in some tricky feet dancing with partners, developing coordination and communication skills, before separating into three tribes.

The red tribe began with aerial ballet. This involved getting dressed in a harness and helmet, then climbing up a slim rescue ladder, hugging around the ladder one rung at a time. When at the very top (in the treetops!) it was time to trust the rope and harness, to let go and perform aerial ballet tricks! Kate even decided to do the ‘Macarena’ while dangling in mid-air!

Chiara “I really enjoyed going down from the tree because you got to go backwards and he spun me round really fast.”

The blue tribe began with a Bush discovery adventure. Cheese taught the students bush survival skills, including what important equipment to pack for a day in the Bush. They found plenty of native plants in our school grounds, such as the lemon myrtle, which smelt beautiful and felt soft, but tasted unusual! The students used a magnifying glass to search for living things along the bushwalk and Cheese communicated with the kookaburras and played his didgeridoo.

Anastasia “My favourite part was when we were communicating with the kookaburras and when we were climbing up the ladder and jumping off with the rope”

Meanwhile the yellow tribe met NED. Never give up, Encourage others and Do your best! They began with team activities, which involved communicating as a team, using cooperation and non-verbal signals. Then they learnt how to shoot with a bow and arrow to aim at a target, oh and not forgetting the dizzy game of heli-skiing!

The Year Two tribes rotated through the three exciting activities during the glorious sunny day, learning key skills which they are looking forward to using at camp in Year Three!

JOIGNY SWIMMING PROGRAM

The Joigny children are well into their Swimming Program. There has been much splashing, bubbling, big arms and kicking as the children are learning not only how to swim but how to stay safe in the water. The children are keen to get into the water with their friends each swimming day enjoying getting a headstart on learning to swim before Summer.

“Just keep swimming.” (Dory)

PLAIN ENGLISH SPEAKING AWARD NATIONAL FINAL

On 10 August, Isabella Monardo of Year 10 participated in the National Finals of the Plain English Speaking Award held at the ACT Legislative Assembly in Canberra. Isabella was an excellent representative for the state of NSW. She spoke eloquently on the need to reform the NSW prison system in her prepared speech and on the destruction of heritage sites in war in her impromptu speech. Isabella was awarded second place in this highly competitive and prestigious competition. Isabella says, “Competing in the National Finals of PESA which was held over 3 days in Canberra, was an amazing experience. I was able to meet so many talented, intelligent young people from around Australia and hear so many incredible speeches. The 5 rounds of the competition were a lot of work, but the fact that I learnt so much and had such a fantastic time made every minute worth it!”

UN YOUTH NSW EVATT COMPETITION

Four students participated in the UN Youth NSW Evatt Competition this year: Michela Castiglia and Grace Maynard (Year 11 team), and Georgia Hinds and Isabella Monardo (Year 10 team). Georgia and Isabella made it through to the State Finals which was a wonderful achievement. Isabella writes, “Georgia and I were lucky enough to be a part of the State Finals of this model United Nations and Diplomacy Competition. During the competition we were given the role of representing Jordan, then Spain, and finally the UK, having to represent their foreign affairs policies and international relations. After debating topics ranging from the issue of a sovereign Palestine, to the question of drones to fight terrorism, it’s safe to say we learnt a lot and found the experience amazing!”
INTRODUCTION TO FATHERS’ DAY MASS

Welcome to this special celebration as we remember our fathers, grandfathers, and father figures, and all of the wonderful things they do for us. Our fathers are our friends, who model their lives on Saint Joseph, the father of Jesus on earth.

A father is someone that we aspire to be like. In Year 6, we describe Fathers to be loyal, supportive, handsome, smart, sympathetic, hilarious, sporty, trustworthy, strong, helpful and awesome individuals who love, provide and care for us each and every day.

My dad refused to write this speech for me. Even though my dad is one of the best speech writers in Australia and performs speeches for a living. He was happy to watch TV and see that the Broncos won because he hates the Storm, but he was disappointed that my speech wasn’t done. Dads do this so we can get better on our own and prepare us. They want us to be the best we can be by teaching us to be independent.

Of course it’s not always like that, sometimes dads are there for the opposite. Dads are always kind enough to help us and make sure we’re okay. Dads loves and support us through everything, and are always there as loyal fathers. They care for us and put us first, always being thoughtful about how we’re feeling.

Dads are hilarious. Always with something funny to say, a dad can lighten up any mood and make us laugh. Fathers are the kind of people who will fake laugh when you crack a joke in a speech. Supportive. They give us great advice. The most useful thing my dad ever told me was don’t tell mum. In our house we hear this quite often. Dad gives us extra ice cream - don’t tell mum. Dad lets me miss swim training - don’t tell mum. Dad lets us stay up late - don’t tell mum. Dad keeps us and himself out of trouble.

Our dads are a walking, living, breathing and talking version of Google. Your dad has the answer to any question you ask. However, there are some websites that give answers that are completely wrong, but dad just knows that whatever he says is right. Dads don’t admit when their wrong because they don’t need to. 90% of the time my dad is right, but he certainly doesn’t enjoy facing the other 10. I agree with my dad that I don’t like being wrong, so I’m going to say something that I know is right:

Dads are some of the most special people you’ll ever meet. Always kind, loving and watching out for us, fathers are irreplaceable. We should acknowledge everything our fathers do for us more often, because they deserve it. I love my dad and he loves me. Happy Fathers’ Day everyone.

Michaela Sorrenti, Junior School Captain
SPORT

YEAR 7–12 NETBALL
KRB have a strong representation in the IGSSA Netball Semi Finals this Saturday with 18 out of the 32 teams making Semi Finals. We hope all KRB teams go well and progress into the Finals next Saturday.

YEAR 3–6 NETBALL
The Year 3-6 Netball season is coming to an end with Year 3 playing their last round this Saturday. KRB’s Year 4 team played a hard game against the top team in their ladder last Saturday and are playing another Semi Final round this Saturday. Year 5 Red also have to play another finals match this Saturday with Year 5 Blue going straight into the Grand Finals. We hope all KRB Netball teams play well this Saturday and progress into the Grand Finals next week.

YEAR 7-12 HOCKEY
Good luck to KRB 5 playing in their Semi Final match this Saturday.

GYMNASTICS
KRB Rhythmic Gymnasts had another successful competition last weekend at NSW State Trial 2 at St Catherinе’s. All gymnasts competing at this event have qualified for the State Championships. In the gymnastics world this is a major achievement! Their excellent results reflect their continual hard work and dedication at training and we look forward to State Championships in October. See below for the results of our Level 3 to Level 6 athletes from St Catherine’s competition:

Level 3 Sub Junior
Lilli Meikle 8th Overall, =3rd Hoop
Grace Carter 15th Overall, =3rd Hoop

Level 3 Junior
Thomasina Cook 3rd Overall, 5th Hoop, 2nd Clubs
Georgia St John 9th Overall

Level 4 Junior
Alessia Gallimore 16th Overall, 8th Rope
Juliette Carr 22nd Overall

Level 5 Sub Junior
Eve McLeish 9th Overall, =7th Hoop

STATE SNOW SPORTS
Last week KRB had a number of children competing at the NSW Interschools Snow Sports Championships in Perisher. Congratulations to the following children on representing KRB at this event:

Alpine
Division 5: Lucia Parker 19th
Division 4: Tilly Parker 46th, Anoushka Nesbitt 56th Team 10th

Skier Cross
Division 5: Lucia Parker 21st, Jemima Senes 40th, Poppy Senes 50th
Division 3: Phoebe Hughes 19th, Anna Sweeney 32nd
Division 4: Tahni Hegysi-Fleming 44th, Tilly Parker 43rd Team 9th Penelope, Tilly, Tahni

Moguls
Division 3: Phoebe Hughes 13th, Anna Sweeney 21st Team 8th
Standout results from this event that will progress on to Nationals – good luck to these students next week:

Alpine:
Division 2 Allegra Gardiner 12th
Division 3 Phoebe Hughes 4th
Division 4 Penelope Hughes 2nd

Skier Cross
Division 4 Penelope Hughes 3rd

IPSHA ATHLETICS 2015
KRB had a strong team competing at the IPSHA Athletics Carnival last week. Congratulations to the following children placing within the top 10 in their age group:

Alexandra Field 3rd in 8-10yrs 800m
Georgia St John 10th in the 11yrs 800m
Amelia Smith 7th in the 12yrs 800m
Senior Girls 4 x 100m 10th Eleanor Miller, Amelia Smith, Michaela Sorrenti, Maisy Gale
Alexandra Field 7th Jnr High Jump
Alexandra Smeallie 9th 8-10yrs Long Jump
Alexandra Smeallie 4th 8-10yrs Shot Put
William Pickthall 7th 8yrs 100m

KRB ATHLETICS TEAM COMPETING AT IPSHA
FROM THE UNIFORM SHOP:

Term 4 & Term 1 – Summer Uniform is worn. Please check your requirements now.

Girls uniform (Year K – Year 10):
Summer dress, jumper, short fold over white socks, white hair accessories.

Boys uniform:
Short sleeved striped shirt, navy shorts, tie, vest/jumper, short navy blue fold over socks.

Could existing families please check their requirements for Term 4 this year as well as for Term 1, 2016 as appointments in January 2016 will be allocated to new families. If you need new uniform items and are not sure of sizing for next year, buy the next size and leave the swing tags on the clothing, try on in January and if you would like to exchange sizes, you can do this during Term 1.

The Uniform Shop is open the last day of Term 3, Thursday 17th September (8am – 3.50pm) (not Friday 18th September) and is not open during September/October holidays. We will be open first day of Term 4 Tuesday 6th October 8am – 3.50pm as well as Friday 9th October 8am – 3.50pm.

Boarders Accounts in the Uniform Shop – will be closed for the year the last day of this term Thursday 17th September. This is due to the last school accounts for the year are sent out in the Sept/October holidays. Boarders will need to provide cash or credit/debit card for purchases during Term 4. Parents can ring through credit card details.

Please feel free to contact the Uniform Shop if you have any queries.
Phone: (02) 9388 6046      Email: krbshop@krb.nsw.edu.au. Opening days during school term: Tuesday & Friday 8am-3.50pm.

THINK CLUB AUSTRALIA – GIFTED AND TALENTED WORKSHOPS FOR YEARS 1–6

THINK CLUB workshops are intended for the inquisitive, problem-solving, creative and capable primary school child. Our one day hands-on workshops are enjoyable, fun and interesting.

Think Club Australia is offering an exciting range of extension workshops including Drama, Robotics, Cartooning, Writing, Mathematics, Science, Zoo Keeping and Engineering in the September School holidays.

The one day workshops on both September 23rd and 24th will be held at Sydney Boys High School and are for students in Years 1-6.

Registrations can be made online at http://www.thinkclubaustralia.com/register-now.html

Closing date for registrations is 4th September, but encourage your students to get in quick to secure their spot as workshops are expected to fill prior to this date.
